# EXTRA CHRISTMAS PERTH SERVICES

**Airnorth is delighted to announce two extra services to Perth from Darwin and Kununurra in the lead up to Christmas.**

These seasonal services will depart on Saturday 15 and 22 December, whereby passengers will be able to fly from Darwin and Kununurra direct to Perth.

**A return service to Kununurra and Darwin will depart Perth on Saturday afternoon.**

Airnorth General Manager Commercial Luke Fisher said the services have been added following the success of the seasonal flying programme between Kununurra and Perth this dry season.

“Airnorth is delighted to be able to offer non-stop flights for customers in Western Australia travelling

between Kununurra and Perth for the upcoming Christmas travel period.”

Airnorth’s added services will allow travellers to indulge in some Christmas shopping in Western Australia’s bustling Perth capital or spend some important festive family time.

Similarly, Perth and Kununurra customers will be able to travel to the tropical Top End, to spend time with family and marvel at the natural wonders the wet season brings spectacularly to life.

Customers will enjoy free 20kg checked luggage, refreshments and the convenience of no middle seat on-board the 76 seat aircraft.

To book, visit [www.airnorth.com.au](http://www.airnorth.com.au); call **1800 627 474**, or contact your local travel agent.
