

## Airnorth joins BSP Australia

05 June 2014

Airnorth is pleased to announce that it has entered into an agreement with Billing and Settlement Plan, BSP Australia. This enables all IATA/BSP travel agents to ticket their clients on Airnorth ticket stock for all Airnorth itineraries from this date.

As Australia's second longest operating airline with Australia's youngest regional jet fleet, Airnorth have been providing charter and RPT services since 1978. The airline currently operates over 200 weekly services across the Northern Territory, Western Australia, Queensland and Timor-Leste – [www.airnorth.com.au](http://www.airnorth.com.au).

Airnorth are pleased to undertake this new step to work closer and assist travel agents in Australia, and to make it easier for passengers travelling on Airnorth services to access tickets from their preferred travel agent.
